 Editor of Part-time Section of mag. ~~XXXXXXXXXXXXXXXXXXXX~~ Agricultural Education. Author: "Living Things Around Us," an ag. reader for elementary schools. Co-author: "Farm Crops." Enthusiastic about the influence of voc. ag. program on improving farm practices. Anxious to cooperate with all agencies engaged in efforts to improve agriculture and rural citizenship. Capable. Apt in publicity and other promotional activities. Justly proud of the very comprehensive program of vocational agriculture in North Carolina. A pioneer State Supervisor, who in the early days helped to mold the type of education in vocational agriculture that has resulted in what we have in the united States to-day.
